The balance of \$248,348.06 is accounted for by the reduction of the license fee and the fact that owners delayed in taking out licenses owing to general economic conditions.

Gross revenue from gasoline tax amounted to \$2,685,976.74, against which there were refunds of \$754,373.87, leaving a net revenue of \$1,931,602.87, or \$368,397.13 less than the estimates.

Increase as compared with estimates..... \$ 732,009.46

Add:

Expenditure of Lands and Mines Department 224,197.32

Total increase..... \$ 956,206.78

Under the terms of The Deferred Charges Act expenditure on elections and seed and feed could have been spread over a period of five years. It was deemed desirable, however, to charge the whole of the expenditure to the fiscal year.

With respect to the additional amount paid to schools, this expenditure would ordinarily have been met during the present fiscal year. Economic conditions throughout the Province, however, made it necessary to pay grants monthly instead of half-yearly as heretofore; otherwise, many schools would have been forced to discontinue.

Alberta Government Telephones.

Although the deficit for the year for this utility amounts to \$144,170.26, the net corporate deficit to be carried forward as at March 31, 1931, only amounted to \$39,670.65. This is due to the fact that the surplus carried forward at March 31, 1930, amounting to \$86,639.56 and a capital profit of \$17,860.05 arising from the sale of the old telephone building at Calgary, have been applied against the deficit.

Transfer of the natural resources of Alberta from the Dominion to the Province on October 1, 1930, effected a material change in the financial position of the Province which is not reflected in the above analysis.

Under the terms of the agreement approximately 89,303,049 acres of unalienated land were transferred to the Province, together with the benefit of all mines and minerals formerly vested in the Dominion.

This transfer also included assets of the school lands fund valued at \$51,115,291.47, of which \$9,564,569.20 represents a 5% debenture payable by the Dominion to the Province.

Edmonton, September 1, 1931.

The above Consolidated Balance Sheet is in agreement with the books of the Government of the Province of Alberta as at March 31, 1931. With the exception of the Sinking Fund Reserve, no provision has been made for depreciation of capital assets which are shown at original cost. Arrears of assessed taxes, capital advances, and accounts receivable are subject to realization.

The transfer of the natural resources to the Province from the Dominion on October 1, 1930, effected a material change in the financial position of the Province. Under the terms of the agreement 89,303,049 acres of unalienated land were transferred to the Province, together with the benefit of the mines and minerals of the Province formerly vested in the Dominion, including the benefit of all subsisting leases.

Subject to any provisions which may be necessary for depreciation of public works and undertakings or other assets the above balance sheet, in my opinion, is properly drawn up so as to show the true financial position of the Province as at March 31, 1931.

JAMES C. THOMPSON, C.A.,
Provincial Auditor.

Edmonton, Alberta, June 23, 1931.

I have audited the books and records of the Provincial Sinking Fund for the year ended March 31, 1931, and the above balance sheet is correctly prepared therefrom. All contributions have been made during the period in accordance with the various Statutes and Orders-in-Council in force.

Securities have been verified by actual inspection. Cash was verified by bank certificate. Accrued interest represents amount actually realizable if securities were sold, less net amount of accrued amortization. Book values of securities represent original cost with amortization of premium or discount calculated to the latest interest date.

The above balance sheet represents cash and securities. The Fund possesses an additional asset of \$318,786.94 representing statutory contributions accrued but not due at March 31, 1931. This amount was charged to and forms part of the expenditure of the Province for the year ended at that date.

I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the sinking fund available and applicable to the redemption of the bonded debt of the Province at March 31, 1931.

Provincial Auditor.

Edmonton, July 3, 1931.

I have audited the books, vouchers and records relating to the Special Investment Fund established under the provisions of Section 29 of the Treasury Department Act for the year ended March 31, 1931, and the above statement of investments and accruals is correctly prepared therefrom. During the period all securities purchased, sold, or retained have been checked and examined. Securities on hand at March 4, 1931, were verified by actual count on that date. Premiums and discounts have been amortized so as to bring all securities to par value at date of maturity.

Profit derived from operation of the Fund for the period is as follows:	
Net revenue from interest received and profit on sales less amortization of premium and discount	\$417,724.66
Add: Interest accrued March 31, 1931 (less accrued amortizations)	81,780.70
	<u>\$499,505.36</u>
Less: Interest accrued March 31, 1930 (less accrued amortizations)	126,870.23
	<u>\$372,635.13</u>
Net revenue for period	311,985.58
Less: Interest on invested capital at average rate paid on Savings Certificates (4.4613%)	
Net Profit for year	<u>\$ 61,649.55</u>

Following the practice with respect to provincial revenue, only earnings and profits actually received have been taken into general revenue account, but in order to prepare a correct statement of the earnings of the fund, interest earned but not received has been included in the above statement.

I certify that, in my opinion, the above statement correctly summarizes all transactions relating to the Special Investment Fund for the year ended March 31, 1931, and correctly sets out the value of the securities at that date.

JAMES C. THOMPSON, C.A.,
Provincial Auditor.

Edmonton, July 15, 1931.

I have audited the books and accounts of the Workmen's Compensation Board, Alberta, for the year ended March 31, 1931, and the above Balance Sheet, and the accompanying statement of Revenue and Expenditure, are correctly prepared therefrom, and are as shown by the books. During the year receipts from all sources were examined and cash and securities were verified by actual inspection or by certificate from the Bank.

I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Board as at March 31, 1931, and the accompanying relative statement of Revenue and Expenditure shows the result of operations for the fiscal year ended at that date.

Edmonton, July 25, 1931.

I have audited the books and records of the Egg and Poultry Marketing Service for the year ended March 31, 1931, and the above Balance Sheet is in accordance therewith.

In my opinion, the reserve for bad debts will be insufficient to cover the probable loss on collection of accounts receivable. Plant and equipment at Lethbridge \$377.88, and egg cases and fillers \$198.37 are at book values. Information is not available as to their present value. Assets taken over by the Alberta Poultry Pool, Ltd., \$17,376.58, are at cost less depreciation reserve. Valuation is subject to negotiations pending between the liquidator and the Pool.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Egg and Poultry Marketing Service as at March 31, 1931, according to the best of my information and the explanations offered to me.

Guarantee to the Calgary and District Milk Producers' Association, Limited	\$ 20,000.00
--	--------------

Edmonton, Alberta, August 4, 1931.

I have audited the books and records of the Wheat Board Monies Trust Account for the year ended March 31, 1931, and the above Balance Sheet and accompanying statement of Revenue and Expenditure are correctly prepared therefrom.

Investments of the Board consist of Lethbridge Northern Irrigation District 6 per cent. bonds, due May 1, 1931, having a par value of \$49,000.00. The bonds are shown at a book value of \$57,930.17 and yield 4.60% interest. Interest rates have advanced since the date on which the bonds were purchased, and the market value of the securities as at March 31, 1931, was approximately \$55,836.48.

Repayment of the advance of \$9,000.00 to the Alberta Oil Consumers Co-operative Association, Limited, will depend upon the success of the enterprise. In view of operating losses, recovery of the advance to the Alberta Co-operative Wholesale Association, Limited, is doubtful.

The contingent liability in respect of the guarantee to the Calgary and District Milk Producers Association, Ltd., for \$20,000.00, was discharged in April, 1931, under the terms of Order-in-Council No. 262-31, by payment to the Royal Bank of Canada of \$14,500.00 representing advances made by the bank against the guarantee. This advance is considered good and collectible.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is drawn up so as to show the financial position of the Wheat Board Monies Trust Account as at March 31, 1931, and the accompanying statement of Revenue and Expenditure fairly states the result of operation for the fiscal year ended at that date.

STATEMENT No. 102.—*Continued*

Edmonton, Alberta, June 25, 1931.

I have audited the books and records of the Alberta Government Telephones for the fiscal year ended March 31st, 1931, and the above Balance Sheet and accompanying statements of earnings are correctly prepared therefrom.

Operations for the year resulted in a net loss of \$144,170.26. The surplus carried forward from March 31st, 1930, amounting to \$86,639.56, and a capital profit of \$17,860.05 arising from the sale of the old telephone building in Calgary, have been applied against this deficit, leaving a net corporate deficit of \$39,670.65 as at March 31st, 1931.

Depreciation of plant and equipment has been provided to the extent of existing depreciation and sinking fund reserves amounting in all to \$2,799,480.02. The total charge against earnings for depreciation for the year was \$907,349.88 as follows:

Direct appropriations	\$792,754.14
Sinking fund contributions	114,595.74
	<u>\$907,349.88</u>

Plant in service now amounts to \$23,806,746.85. No physical inventory has been taken since the Wray appraisal in 1918. Consideration should be given to the question of identifying units of plant in service with the present capitalization as soon as conditions become normal.

In addition, steps should be taken to increase the annual provision for depreciation; otherwise, the present fund will probably prove inadequate to meet future charges. The existing provision for depreciation consists of an annual charge of $3\frac{1}{2}\%$ of plant in service plus $\frac{1}{2}$ of 1% set aside in respect of debenture debt.

With respect to the amount placed in the sinking fund, it is pointed out that the total sinking fund as at March 31st, 1931, was more than offset by intangible assets and was, therefore, not available for depreciation purposes.

During the year only actual additions were charged to plant. Replacements and renewals and extraordinary repairs were charged to depreciation and renewal reserve in accordance with established telephone accounting practice.

A physical inventory of supplies was taken at January 31st, 1931, and priced at cost and the records adjusted accordingly.

Borrowings from the depreciation and renewal reserve fund for the purpose of financing construction amount to \$1,106,227.62. Interest at 5% is provided on these borrowings.

Examination of statistics and estimates covering the pension fund indicate that the yearly contributions should be increased in order to avoid heavy expense at some future date for retirement allowances.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Alberta Government Telephones as at March 31st, 1931, and the accompanying relative statement of earnings fairly states the result of operations for the fiscal year ended at that date.

Provincial Auditor.
